CALT LAKE society, individually and collectively, has been unusually occupied during the days and evenings of the past week. Not every community can boast of claiming a Maude Adams, and it has been the pleasure and privilege of all members of society to give her a royal welcome to her native heath.

The days of the week have also been characterized by various charitable movements on the part of old and young alike, in aid of worthy philanthropic organizations. Unusual good fortune befelt the officers and directors of the Orphans' Home and Day Nursery, who are struggling under the heavy burden they have assumed, when the wonderful artiste whose praise is sung in every land came gracefully to the rescue and out of her busy life, where every moment counts, gave an extra matinee performance for the benefit of the build-To the everlasting honor and credit of Salt Lake it can be said that the generosity and unselfishness of the gifted actress was duly appreclated, for seldom has there been such a response, and the theatre was packed to the third gallery, with standing room at a premium on the occasion

Then there have been the efforts of the galaxy of our sweet young society girls, who for the past week have given up social engagements to work for the success of the society ball given in the interest of the playgrounds movement and philanthropic objects taken up by the State Federation of Women's Clubs. It is also gratifying to know that their labors were crowned with success, and, judging by the beaming faces seen on the brilliant occasion, the conclusion can be drawn that their own consciences were their best reward.

There is also another phase of the subject that speaks of future possi-These same young girls are fitting themselves in time to take the burden of charitable enterprises upon their own shoulders in years to come, when they will be officers and directors of the Orphans' Home, Hospital association, women's clubs and guilds, and the present experience gained can never be lost. There are still other charitable schemes to be carried out, the different church societies and guilds have pledged their support for years to come towards furnishing and maintaining different departments of the Orphans' Home, the young girls of Rowland Hall being among the first to come forward with their splendid offer of fitting up and maintaining the girls' dormitory as a perpetual work of the school.

## Week in Society

The Country club season was never opened under more auspicious circumstances than attended the annual event which took place yesterday at that beautiful suburban spot. The weather was ideal, and from early morning to midnight the beautiful grounds and wide verandas were the rendezvous for Salt Lake's society people. The golf links and tennis courts were filled with enthusiastic players, and the automobiles in waiting could be numbered by the hundreds. The interior of the artistic building was effectively decorated with spring flowers and was more attractive than ever before. At 4 o'clock afternoon tea was served from beautifully appointed tables by Mrs. Robert C. Gemmell, Mrs. Don Carlos Robmany private parties given.

the most delightful of any similar annual social function enjoyed at the exclusive Country club house.

Mrs. Elizabeth Belden was the hostess yesterday afternoon at the second in a series of charming bridge teas, the first being given Thursday afternoon. On each occasion three tables were filled with players, and Mrs. Belden was assisted at the tea table by Mrs. George Y. Wallace. Bridal wreaths, hawthorne and other sweet spring flowers and foliage gracefully adorned the rooms.

Probably the most elaborate social function of the week was the luncheon given Thursday by Mrs. Wellington E. Lake at Cobblecrest. The details were artistically carried out in hearts and flowers with green and white the color scheme. Luncheon was served from small tables in the ballroom on the third floor, which was a bower of snowballs, bridal wreath and foliage, with festoons of green and white hearts. The Bush Troubadours were present and played during the luncheon delightful selections, changing to "Hearts and Flowers" as a game by that name was played. Each of the forty guests who enjoyed the affair were presented with a carnation and a dainty little souvenir in the shape of a copy of one of Mr. Larson's books.

A prettily arranged luncheon of the week was given Wednesday by Mrs. C. A. Quigley at the Wilson in honor of Mrs. C. C. Crismon, who left yesterday for California. A matinee party followed at the Colonial.

It is the firm conviction of the popular musical director that Fritz is a Medley, Songs of the Day ... Whitmark Wetzell sees this little story, which is known to only a few of the children of one school, who wouldn't tell on Fritz for the world, that belief may be shaken. Fritz stayed in the office, as he was ordered—for a time. In his dog's heart he wondered why he was kept away from his little friends, and felt there was a mistake somewhere. He longed for his playmates, and in that longing forgot the master's express commands, doubtless for the first time in his life. As was his custom, he began his visits with the baby room, and the children had a joyful playtime with the little fellow while they waited for their lesson. Somehow the schedule went wrong, and Professor Wetzell did not come. Growing anxious, Fritz returned to the office, where a few minutes later his master appeared and commended him for his

Later in the day the professor paid his visit to the same room which Fritz had visited earlier. He began the lesson with a few words on obedience, and gave them Fritz as an example. He told them how he had instructed Fritz to remain in the office, and on returning several hours later had found him still there. He was sure he had not left the room. Can the children be blamed for laughing, or the professor for his mystification, which is now for the first time cleared up? This afternoon at 4 o'clock a matines
